

socialprotection.org is an unbranded, member-based platform with more than 3,000 participants, offering free access to over 3,500 publications, webinars, multi-language online communities and other learning material on a myriad of topics, which support knowledge-sharing and capacity building in the field of social protection.

Mission and Vision

socialprotection.org's mission is to be the premier online focal point for knowledge-sharing, capacity building and collaboration on social protection based on South-South Learning. To this end, it provides a centralised gateway to access the most up to date and comprehensive resources and tools related to social protection as well as mechanisms to inspire and host discussions. It caters to a highly inclusive community of social protection practitioners, accommodating experts and students, extending from the individual to institutional level.

Institutional Context

socialprotection.org is supported by the G20 Development Working Group and financed by the Australian Department of Foreign Affairs and Trade (DFAT) and the Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH on behalf of the German Federal Ministry of Economic Development and Cooperation (BMZ). The initiative was launched in September 2015 and is hosted by the International Policy Centre for Inclusive Growth (IPC-IG). It has been developed in consultation with the World Bank Group, the International Labour Organization (ILO), and leading agencies gathered under the Social Protection Inter-Agency Cooperation Board (SPIAC-B).
